An appointment at our office is considered a confirmed appointment at the time the appointment is made. Our time, just like your time is very important and our staff does not wish to have you miss any appointments. Your RESERVED appointment means that our doctor, treatment room with instruments, and the entire staff has been allocated for your dental treatment. You will be given an appointment card that it is your responsibility to remember and keep your appointment. You will also receive a courtesy call prior to your appointment to remind you of your reserved appointment.
